

I21 MINISTRIES

A MINISTRY OF FRIENDSHIP BAPTIST CHURCH

Collide

As a new year begins we are going to be talking about a collision. Throughout the Gospels (the first four books of the Bible) and really the whole Bible you see God colliding with mankind. The word collide is defined as being hit with force while moving or coming into conflict or opposition. We are going to see Jesus collide with different people in the Bible and each time the people he collided with had to make a decision. They could follow Jesus or reject him. You see when Jesus collided with somebody they could not stay in the same place. The same question is true today: Are you going to follow Him or reject this message. My hope and prayer this month is that Jesus will collide with you and when he does you will get up and follow him on the greatest journey of your life.
